Kenai Peninsula Borough School District Staff and Students who travel outside of Alaska

Based on the [State of Alaska Health Order No. 6](#) effective December 16, 2020:

KPBSD employees and students must observe “**Strict Social Distancing***” for five days after arriving back in Alaska after a COVID-19 test happened within 72 hours of departure back to Alaska, or testing on arrival into Alaska.

- If staff or students receive a negative test result *and* are symptom free, they can return to school on day 6. (*Arrival day is day 0*) Kindly provide your negative test result to the school
- *If someone chooses not to test for COVID-19, they must quarantine for 14 days after arrival in Alaska*
- If staff or students experience any [COVID-19 symptoms](#) after arrival at home in Alaska, they should get re-tested, and continue to “strict social distance*” until results are received

Tip: Children under age 11 can test, but it is not required. Children under age 11 will need to follow the same quarantine or *strict social distancing** time as the parent with whom they traveled.

Have you received a **positive COVID-19 test within 90 days?**

If a person has tested positive within the previous 90 days, the negative test result may also be used in lieu of travel testing and quarantine

***Strict Social Distancing** defined by the State of Alaska ([Health Order No. 6, page 5](#))

- You may be in an outdoor public place, but you must remain six feet away from anyone not in your immediate household, and you must wear a face covering. You may arrange curbside shopping or have food delivery.
- You cannot enter restaurants, bars, gyms, community centers, sporting facilities (i.e., ice rinks, gymnasiums, and sports domes), office buildings, and school or daycare facilities. Do not participate in any group activities, including sporting events and practices, weddings, funerals, or other gatherings.
